The 2008 champion Jimmy Girvan currently lies seventh in the drivers' points – 25 adrift of Armstrong. The Inverness veteran is aiming for a repeat of last year's strong performance on the Reivers when, despite limited tarmac experience, he finished fourth overall and second of the SRC competitors in his Subaru Impreza.

Andy Fenwick said it was a good stage but that he lost 15 seconds because he had an off on the previous stage.

David Bogie loved this stage and he felt really good; "there were plenty of crowds out there as well to entertain".

Bob Grant had issues with tyres and he changed the compound this time round and things are much better.

Keith Rowbathan changed his suspension but he is still not happy with the set-up and is going to change it again.

Barry Groudwater said the stage was brilliant and he really enjoyed it.

Today's Reivers Rally is the only tarmac event of the eight-round Scottish series and David Bogie is mindful of how difficult conditions can be. "I've done the rally before and when it's dry it's absolutely beautiful, but if it's wet it's just like driving on ice if not worse – if you get late-breaking on shiny tar and the car locks up, you're off the road".
